DESIGNING YOUR TEAMS, TOOLS, AND HUMAN-AI WORLD

Use this section to design the world around the learner, not just the information in front of them.

TOOL AND TEMPLATE INVENTORY

32. List 3–5 practical tools, templates, or supports in your system. What does each one help the learner build, decide, or navigate?

1) Interviews with QA, Engineering, and ~~Ops~~ operations characters.
2) Records Terminal
3) Interaction Map

IDENTITY AND ROLE SUPPORT

33. Write 3 identity-building questions that help learners discover what they bring to the work.

1) What was ~~the~~ your first step in building a stakeholder's map?
2) What kind of context or ideas does your background provide you?
3) What kind of tone do you want to ~~use~~ convey important information in?
